Description

Colgate Hiring For Freshers

As a Data Recovery Technician, you'll be the frontline hero in recovering lost or damaged data for our global operations. You'll utilize your technical expertise and problem-solving skills to diagnose data loss situations, implement recovery solutions, and restore essential information. This role offers a dynamic and challenging environment where you can directly contribute to Colgate-Palmolive's success.

Colgate Careers

Responsibilities:

- **Diagnose and troubleshoot data loss issues:** Analyze system logs, identify root causes of data loss events, and determine the most appropriate recovery strategy.
- **Implement data recovery procedures:** Utilize specialized software and techniques to recover lost or corrupted data from various storage devices and systems.
- **Maintain and update data recovery knowledge:** Stay abreast of the latest data recovery trends and technologies through ongoing training and research.
- **Document and report on data recovery activities:** Maintain detailed records of all data recovery cases, including steps taken, outcomes, and

recommendations for future improvement.

- **Collaborate with IT professionals and other departments:** Communicate effectively with various stakeholders to understand data needs, prioritize recovery efforts, and ensure seamless data restoration.
