Description

Colgate Hiring For Freshers

As a Business Analyst at Colgate-Palmolive, you will play a key role in bridging the gap between business needs and technological solutions. You will partner with cross-functional teams to gather requirements, analyze data, and develop actionable insights that drive informed decision-making. You will also help to design, implement, and optimize business processes, ensuring that they are efficient and effective.

Colgate Careers

Responsibilities:

- **Gather and analyze business requirements:** Work with stakeholders across various departments to understand their pain points and needs. Analyze quantitative and qualitative data to identify opportunities for improvement.
- **Develop and present insights:** Translate complex data into clear and concise insights that are easily understood by non-technical audiences. Develop recommendations and action plans based on your findings.
- **Support project implementation:** Partner with IT and other teams to implement solutions that address identified business needs. Monitor and track progress, and measure the impact of implemented changes.

- **Stay up-to-date on industry trends:** Maintain a strong understanding of emerging technologies and trends within the consumer goods industry.
