### Description

## Etihad Airways Recruitment 2024

Etihad Airways, the national airline of the United Arab Emirates, is a world-renowned carrier known for its innovative services, luxurious amenities, and commitment to guest satisfaction. As the aviation industry navigates a dynamic post-pandemic landscape, Etihad is at the forefront of recovery, strategically rebuilding its network and operations.

### Etihad Airways Jobs Near Me

We're seeking a talented and detail-oriented individual to join our growing Data Recovery team. This role plays a crucial part in ensuring the integrity and accessibility of our critical business information.

### Summary

In this role, you'll be responsible for a wide range of data recovery tasks. You'll work closely with IT specialists and other departments to identify and address data loss incidents. Your expertise in data recovery techniques and software will be instrumental in restoring lost or corrupted data efficiently and securely.

This position offers an exciting opportunity to be part of a dynamic team at a leading airline. You'll gain valuable experience in a fast-paced environment, working with cutting-edge technologies and contributing to the smooth operation of Etihad Airways.

(adsbygoogle = window.adsbygoogle || []).push({});

## Key Responsibilities

- Respond to data loss incidents promptly and efficiently.
- Analyze the cause of data loss and determine the most appropriate recovery method.
- Utilize data recovery software and techniques to recover lost or corrupted data.
- Document the entire data recovery process, including the incident, actions taken, and successful recovery.
- Maintain a high level of data security throughout the recovery process.
- Collaborate with IT specialists and other departments to ensure seamless data restoration.
- Stay up-to-date on the latest data recovery technologies and best practices.
- Participate in training programs to enhance your skills and knowledge.
- Maintain accurate records of recovered data and ensure proper chain of custody procedures are followed.

## Required Skills and Qualifications

- Proven experience in data recovery using specialized software and techniques.
- Strong understanding of data storage and backup systems.
- Excellent analytical and problem-solving skills.
- Meticulous attention to detail and accuracy.
- Ability to work independently and as part of a team.
- Excellent communication and interpersonal skills.
- Proficiency in Microsoft Office Suite (Word, Excel, PowerPoint).
- A valid working visa or the ability to obtain one.

## Experience

This role is open to both experienced data recovery professionals and recent graduates with a strong foundation in IT and a keen interest in data management.
