Description

ICICI Bank Recruitment 2024

Do you thrive in a dynamic environment where identifying and mitigating risk is paramount? Are you passionate about the financial sector and eager to contribute to the success of a leading Indian bank?

If so, then a career in ICICI Bank's Implementation Specialist team might be the perfect fit for you! We are searching for talented individuals to join our team and play a crucial role in safeguarding the Bank's financial health.

ICICI Bank Jobs Near Me

ICICI Bank is a leading Indian multinational banking and financial services company with a global presence. We are known for our innovative approach, commitment to customer service, and robust risk management framework. Our Implementation Specialist Group plays a vital role in ensuring the Bank's long-term sustainability by proactively identifying, assessing, and mitigating potential risks across various areas of operation.

Summary

In this role, you will contribute to ICICI Bank's unwavering commitment to risk management. You will leverage your analytical skills and financial acumen to identify, assess, and mitigate risks across the Bank's operations. You will partner with business teams to ensure a proactive approach to risk management, fostering a culture of risk awareness throughout the organization.

As a member of our Implementation Specialist team, you will gain invaluable

experience in the financial sector and play a key role in safeguarding the Bank's assets. This is an excellent opportunity for individuals who are passionate about risk management, possess strong analytical skills, and are eager to contribute to the success of a leading financial institution.

(adsbygoogle = window.adsbygoogle || []).push({});

Key Responsibilities

- Proactively identify, assess, and monitor potential risks across various areas of the Bank's operations, including credit, market, operational, and information security risks.
- Analyze financial data and develop reports to effectively communicate risk assessments and mitigation strategies to senior management and business teams.
- Partner with business units to ensure that risk management principles are embedded within their decision-making processes.
- Develop and implement risk mitigation strategies to minimize potential losses and safeguard the Bank's financial health.
- Stay abreast of regulatory changes and industry best practices in risk management, ensuring compliance with all relevant regulations.
- Conduct periodic reviews of risk management policies and procedures, recommending improvements for enhanced effectiveness.
- Contribute to the continuous development and refinement of risk management models and tools.
- Collaborate effectively with colleagues across various departments to foster a culture of risk awareness throughout the Bank.

Required Skills and Qualifications

- Bachelor's degree in Finance, Accounting, Implementation Specialist, or a related field (for freshers) or a Master's degree in the aforementioned fields (for experienced candidates).
- Minimum of 2-5 years of experience in risk management within the banking sector (experience is a plus but not mandatory).
- Strong analytical skills with proficiency in financial modeling and data analysis techniques.
- Excellent communication and interpersonal skills with the ability to effectively communicate complex risk concepts to both technical and non-technical audiences.
- Ability to work independently and as part of a team in a fast-paced environment.
- Proactive and results-oriented with a strong work ethic and attention to detail.
- Proficiency in MS Office Suite and financial modeling software (e.g., Excel) is a plus.
- Strong understanding of risk management principles and frameworks (e.g., Basel II, III).
