Description

Marriott Recruitment 2024

Do you have a keen eye for detail and a passion for uncovering insights from data? Are you looking for a role that allows you to contribute to the success of a global hospitality leader? If so, then a career as a File Clerk at Marriott could be the perfect fit for you!

Marriott Jobs Near Me

Summary

In this exciting role, you'll play a vital part in Marriott's data-driven decision making. You'll assist our experienced data analysts in collecting, cleaning, and analyzing large datasets. Your sharp mind and analytical skills will help us identify trends, improve operational efficiency, and gain valuable customer insights that will shape the future of Marriott's guest experience.

(adsbygoogle = window.adsbygoogle || []).push({});

Key Responsibilities

- Assist data analysts with data collection from various sources, ensuring accuracy and completeness.
- Clean and prepare data for analysis by identifying and correcting errors,

inconsistencies, and missing values.

- Perform basic data analysis tasks using tools like Excel and SQL, following established procedures.
- Create clear and concise data visualizations such as charts and graphs to communicate findings effectively.
- Support the development and maintenance of data dictionaries and documentation.
- Stay up-to-date on data analysis trends and best practices.
- Assist with ad hoc data requests from various departments within the organization.

Required Skills and Qualifications

- Strong analytical and problem-solving skills with a keen eye for detail.
- Excellent communication skills, both written and verbal.
- Proficiency in Microsoft Office Suite, particularly Excel.
- Basic understanding of data analysis concepts and methodologies.
- Ability to work independently and as part of a team.
- Strong organizational and time management skills.
- A willingness to learn and adapt to new technologies.

Experience

This role is a great opportunity for both recent graduates and individuals with some data analysis experience. We are looking for a passionate and motivated individual who is eager to learn and grow in the exciting field of data analytics.
