### Description

## Qatar Airways Recruitment 2024

Are you passionate about maintaining the highest quality standards in the aviation industry? Do you thrive in a fast-paced environment where meticulous attention to detail is paramount? If so, then a career as a Quality Control Coordinator at Qatar Airways could be the perfect opportunity for you.

### Qatar Airways Jobs Near Me

Qatar Airways is a leading global airline group, recognized for its award-winning service, innovative onboard product, and commitment to operational excellence. We are seeking a highly motivated and detail-oriented individual to join our growing team and play a vital role in ensuring the quality of our aircraft and ground operations.

### Summary

In this role, you will be responsible for developing, implementing, and monitoring quality control procedures across various aspects of our operations. You will work closely with different departments to identify and address quality issues, ensuring compliance with all regulatory requirements and company standards. This is a dynamic and rewarding position that offers the opportunity to contribute directly to the continued success of Qatar Airways.

(adsbygoogle = window.adsbygoogle || []).push({});

## Key Responsibilities

- Develop, implement, and maintain comprehensive quality control programs for assigned areas of responsibility.
- Conduct regular inspections of aircraft, ground equipment, facilities, and documentation to ensure adherence to quality standards.
- Analyze inspection data to identify trends and potential quality issues.
- Prepare detailed reports on quality findings and recommendations for corrective action.
- Work collaboratively with various departments, including engineering, maintenance, and operations, to resolve quality issues.
- Participate in the development and implementation of corrective action plans to address identified deficiencies.
- Maintain a strong understanding of all applicable aviation regulations and quality control procedures.
- Conduct quality audits and training programs to ensure continuous improvement in quality management systems.
- Stay up-to-date on industry best practices and new technologies related to quality control.

## Required Skills and Qualifications

- Bachelor's degree in Quality Control, Aviation Maintenance Management, or a related field (or equivalent experience).
- Minimum of 2 years of experience in a quality control role, preferably in the aviation industry.
- Strong understanding of quality control principles and methodologies (e.g., Six Sigma, Lean Manufacturing).
- Excellent analytical and problem-solving skills.
- Strong attention to detail and a commitment to quality.
- Excellent communication and interpersonal skills, with the ability to work effectively with a diverse team.
- Proficient in Microsoft Office Suite (Word, Excel, PowerPoint).
- Experience with quality control software programs (e.g., Minitab, JMP) a plus.

## Experience

This position is open to both experienced Quality Control professionals and recent graduates with a strong academic background and a demonstrable passion for the aviation industry. We offer a comprehensive training program to ensure you have the skills and knowledge to succeed in this role.
