Description

Sun Pharmaceutical Recruitment 2023

At Sun Pharma, you'll be more than just a data wrangler; you'll be a precision engineer, ensuring the accuracy and integrity of intellectual property titles at every stage of the pharmaceutical development process. Your analysis will safeguard Sun Pharma's valuable assets, enabling research, development, and commercialization of life-saving medications.

Sun Pharmaceutical Careers

Responsibilities:

- **Data Detective:** Analyze scientific documents, patents, and regulatory filings to identify, assess, and classify intellectual property rights.
- **Accuracy Alchemist:** Conduct thorough due diligence to ensure the validity and enforceability of Sun Pharma's intellectual property titles.
- **Risk-Buster:** Identify and mitigate potential intellectual property risks and infringement concerns, protecting Sun Pharma's competitive edge.
- **Communication Catalyst:** Collaborate with internal teams (research, legal, regulatory) to communicate complex title information clearly and concisely.
- **Tech-Savvy Hero:** Utilize specialized databases, research tools, and intellectual property software to streamline analysis and reporting.
- **Problem-Solving Ace:** Approach challenges with a critical eye and propose solutions to ensure the accuracy and completeness of title information.

Sun Pharmaceutical Jobs near me

Skills:

- Bachelor's degree in Science (Biology, Chemistry, Pharmacy) or a related field preferred.
- 2+ years of experience in intellectual property analysis, research, or a related field.
- Strong analytical and research skills, with the ability to identify key information in complex documents.
- Excellent attention to detail and a commitment to accuracy and precision.
- Strong communication and interpersonal skills, with the ability to collaborate effectively with diverse teams.
- Proficiency in research databases, intellectual property software, and scientific literature search tools.
