Description

TATA Steel Recruitment 2024

As a Data Analyst, you'll be the bridge between data and action. You'll work across various departments, extracting and analyzing information to uncover trends, patterns, and hidden opportunities. Your insights will contribute to optimizing processes, improving efficiencies, and driving profitability across TATA Steel.

TATA Steel Careers

Responsibilities:

- **Data Wrangling:** Collect, clean, and prepare data from diverse sources, ensuring accuracy and quality for further analysis.
- **Data Exploration & Analysis:** Utilize statistical tools and techniques to analyze data, identify trends, and uncover hidden patterns.
- **Visualization & Reporting:** Create compelling reports and dashboards that communicate data insights effectively to stakeholders at all levels.
- **Model Development & Implementation:** Develop and implement data-driven models and solutions to optimize processes and drive business value.
- **Collaboration:** Work closely with cross-functional teams to translate data insights into actionable strategies and improvements.
