Description

TCS Recruitment 2023-24

TCS, a leading global IT services company, is seeking experienced Web Developers to join our dynamic team. If you're looking for a career change that offers exciting challenges, cutting-edge technologies, and a world-class work environment, this is your chance to make a mark.

TCS Careers

Responsibilities:

- Design, develop, and implement high-quality web applications and websites across diverse platforms and technologies.
- Collaborate with designers, back-end developers, and other stakeholders to ensure smooth project delivery.
- Write clean, maintainable, and SEO-friendly code following best practices and coding standards.
- Troubleshoot and debug web applications to identify and resolve issues efficiently.
- Stay updated on the latest web development trends and technologies, including frameworks, libraries, and tools.
- Contribute to code reviews, knowledge sharing, and continuous improvement initiatives.

TCS Jobs near me

Skills:

- Minimum 3-5 years of experience in web development with a proven track record of successful projects.
- Strong expertise in front-end technologies like HTML5, CSS3, JavaScript (ES6+), and popular frameworks like React, Angular, or Vue.js.
- Experience with back-end technologies like PHP, Java, or Python would be a plus.
- Proficiency in database technologies like MySQL or PostgreSQL is desirable.
- Excellent problem-solving and analytical skills to handle complex technical challenges.
- Strong communication and collaboration skills to work effectively with diverse teams.
- Passion for learning and staying ahead of the curve in the ever-evolving web development landscape.
