Tech Mahindra Jobs Near Me

About the Role

As a Customer Officer at Tech Mahindra, you'll play a key role in the entire software development lifecycle, from design and development to testing and deployment. You'll collaborate closely with designers, analysts, and other developers to build robust and scalable Java applications.

Responsibilities:

- Participate in requirements gathering sessions and translate them into technical specifications.
- Design, develop, and implement high-quality, reusable, and maintainable Java code.
- Conduct unit testing and participate in integration testing to ensure code quality and functionality.
- Debug and troubleshoot technical issues to resolve problems efficiently.
- Write clean, well-documented, and efficient code adhering to best practices.
- Stay up-to-date with the latest Java technologies and frameworks.
- Collaborate effectively with team members to deliver projects on time and within budget.

Required Skills and Qualifications:

- Bachelor's degree in Computer Science, Information Technology, or a related field (or equivalent experience).
- Minimum 1+ years of experience in Java development (Freshers can also apply).
- Strong understanding of object-oriented programming (OOP) concepts.
- Proficient in Core Java (J2SE 8+) and J2EE concepts.
- Experience with Spring Boot, Spring MVC/RESTful APIs is a plus.
- Familiarity with relational databases (SQL) is preferred.
- Excellent analytical and problem-solving skills.
- Strong communication and collaboration skills.
- Ability to work independently and as part of a team.

Experience

This role is open to both experienced Java Developers and passionate freshers eager to learn and grow in the field. We value your potential and provide ample opportunities to hone your skills and expertise.

Benefits and Work Environment

Tech Mahindra offers a comprehensive benefits package that includes competitive compensation, health insurance, paid time off, and opportunities for professional development. We foster a collaborative and inclusive work environment that encourages creativity, innovation, and continuous learning. You'll be surrounded by talented individuals who are passionate about technology and making a difference.

Application Process

To apply, please submit your resume and a cover letter that highlights your relevant skills and experience. We look forward to hearing from you!

Join a Team of Innovators

At Tech Mahindra, we believe in the power of technology to transform lives. We are constantly pushing boundaries and developing cutting-edge solutions that address the world's most pressing challenges. If you're a talented and motivated Customer Officer who thrives in a dynamic environment, we encourage you to apply!

In essence, this opportunity allows you to:

- Leverage your Java development expertise to build impactful software solutions.
- Collaborate with a diverse and talented team in a supportive work environment.
- Continuously learn and grow your skills with access to industry-leading resources.
- Make a real difference by contributing to projects that drive positive change.
