### Description

## Unacademy Recruitment 2024

As our Implementation Specialist, you'll be the bridge between Unacademy's ambitious learning goals and their seamless execution. From collaborating with educators to understand their needs and translate them into technical requirements to overseeing the development and implementation of innovative learning tools and platforms, you'll wear many hats, becoming the architect of impactful learning experiences and a driving force behind Unacademy's continued growth.

## Unacademy Careers

### Responsibilities:

- Work closely with educators and product teams to understand their requirements for new learning tools and platform features.
- Translate learning goals and educational concepts into technical specifications and user stories for developers.
- Manage the implementation process of new features and functionalities, ensuring smooth integration and testing.
- Collaborate with cross-functional teams (design, engineering, QA) to troubleshoot issues and optimize implementations.
- Prepare comprehensive documentation and training materials for educators and other stakeholders on new features and platforms.
- Analyze user data and feedback to identify areas for improvement and suggest further enhancements.
- Stay up-to-date on the latest ed-tech trends and innovations, proposing their potential application within Unacademy's ecosystem.

## Unacademy Jobs near me

### Skills:

- Minimum Bachelor's degree in Computer Science, Information Technology, or a related field (experience in educational technology is a plus!).
- Strong analytical and problem-solving skills, adept at identifying technical solutions to complex learning challenges.
- Excellent communication and interpersonal skills, able to collaborate effectively with diverse stakeholders.
- The ability to translate abstract concepts into clear and concise technical specifications.
- Experience in project management methodologies and a strong understanding of development lifecycles.
- Proficiency in technical documentation and user training materials creation.
- A passion for education and a desire to make a positive impact on the lives of learners.
- The ability to work independently and as part of a team in a fast-paced environment.
