Description

Wipro Recruitment 2024

As an Applications Engineer at Wipro, you will play a crucial role in developing and maintaining enterprise applications. You will work closely with clients and other engineers to understand their needs, design and implement solutions, and ensure the smooth operation of applications.

Wipro Careers

Responsibilities:

- Collaborate with clients and stakeholders to gather requirements and understand business needs.
- Design, develop, test, and deploy enterprise applications using various technologies and frameworks.
- Maintain and troubleshoot existing applications, ensuring their performance and stability.
- Work with other engineers to integrate applications with other systems and platforms.
- Document technical specifications and procedures.
- Stay up-to-date on the latest technologies and trends in application development.
