Description

Wipro Recruitment 2024

As a Data Analysis Assistant at Wipro, you'll be the bridge between raw data and actionable insights, playing a crucial role in our data-driven decision making. You'll work alongside experienced analysts and data scientists, extracting, analyzing, and visualizing data to uncover hidden trends and inform strategic business decisions.

Wipro Careers

Responsibilities:

- **Data Wrangling:** Cleaning, organizing, and preparing data for analysis using various tools and techniques.
- **Data Visualization:** Creating compelling reports, dashboards, and visualizations to communicate data insights effectively.
- **Data Analysis:** Assisting with data exploration, hypothesis testing, and statistical analysis to uncover trends and patterns.
- **Report Generation:** Preparing clear and concise reports that translate data findings into actionable recommendations.
- **Collaboration:** Working closely with analysts, business stakeholders, and other team members to ensure data-driven decision making.
