Description

Zomato Recruitment 2023-24

We are looking for a meticulous and detail-oriented Data Recovery Specialist to join our growing team at Zomato. In this role, you will be responsible for recovering lost or corrupted data from our various systems and databases. You will work closely with engineers and other IT professionals to diagnose and resolve data loss issues, ensuring the integrity and availability of our critical data.

Zomato Careers

Responsibilities:

- Recover lost or corrupted data from various sources, including databases, servers, and storage devices
- Diagnose data loss issues and develop recovery plans
- Implement data recovery tools and techniques
- Extract and restore data from backups
- Document data recovery procedures
- Maintain data recovery logs
- Train and support other IT staff on data recovery procedures
