Description

Zomato Recruitment 2024

As our Data Recovery Specialist, you'll be the guardian of Zomato's digital treasure trove, ensuring the integrity and accessibility of our valuable data. From recovering lost or corrupted information to troubleshooting technical glitches, you'll wear many hats, becoming the data alchemist who transforms lost bytes into golden nuggets of insight, fueling Zomato's continued success in delivering the tastiest digital experiences.

Zomato Careers

Responsibilities:

- Diagnose and troubleshoot data loss and corruption issues across various Zomato platforms and systems.
- Implement data recovery techniques and tools to retrieve lost or inaccessible information.
- Analyze and interpret recovered data, ensuring accuracy and completeness.
- Document data recovery processes and procedures for future reference and training.
- Collaborate with internal teams (IT, Engineering) to identify and address root causes of data loss.
- Recommend and implement data protection and backup strategies to prevent future data loss.
- Stay up-to-date on data recovery technologies and best practices, adapting to evolving challenges.

Zomato Jobs near me

Skills:

- Minimum Bachelor's degree in Computer Science, Information Technology, or a related field (experience in data recovery or related IT fields is a plus!).
- Strong analytical and problem-solving skills, adept at identifying and resolving technical issues.
- Excellent communication and interpersonal skills, able to collaborate effectively with diverse teams and explain complex technical concepts to non-technical audiences.
- Proficiency in data recovery tools and software, including data analysis and visualization platforms.
- A meticulous and detail-oriented approach to work, ensuring accuracy and precision in data handling.
- The ability to work independently and as part of a team in a fast-paced and dynamic environment.
- A passion for technology and a strong desire to learn and adapt to new challenges.
